JEFF. DAVIS' CHARGES AGAINST BUTLER —A New York dispatch of December 27th, contains the charges of the Confederates against Gen Butler, on which they demand his surrender for punishment

Peaceful and aged citizens, unresisting captives and non combatants have been confined at hard labor with chains attached to their limbs and are still so held in dungeons and fortresses Other have been submitted to a like degrading punishment for selling medicine to sick soldiers of the Confederacy — Soldiers of the United States have been invited and encouraged in General Orders to insult and outrage the wives mothers and sisters of our citizens Helpless women have been torn from their homes and subjected to solitary confinement—some in fortresses and prisons, and one, especially, on an island of barren sand, under a tropical sun—have been fed with loathsome rations that had been condemned as unfit for soldiers, and have been exposed to vilest insults Prisoners of war who surrendered to the naval forces of the United States, on agreement that they should be released on parole, have been seized and kept in close confinement Repeated pretexts have been sought or invented for plundering the inhabitants of the captured city, by fines levied under the threat of imprisoning recusants at hard labor with ball and chain. The entire population of New Orleans have been forced to elect between starvation by the confiscation of all their property, and taking an oath against their conscience to bear allegiance to the invaders of their country Egress from the city has been refused to those whose fortitude withstood the test, and even to lame and aged women and helpless children, and after being ejected from their homes and robbed of their property, they have been left to starve in the streets or subsist on charity — Slaves have been driven from plantations in the neighborhood of New Orleans, until their owners would consent to share their crops with the commanding General, his brother Andrew J Butler, and other officers, and when such consent had been extorted, slaves had been returned to the plantations, and there compelled to work under the bayonets of United States soldiers Where that partnership was refused, armed expeditions have been sent to plantations to rob them of everything that was susceptible of removal, and even slaves too aged or infirm for work have in spite of their entreaties been forced from homes provided by their owners and driven to wander helpless on the highway

By a General Order, No. 91, the entire property in that part of Louisiana west of the Mississippi has been sequestrated for confiscation and officers have been assigned to duty, with orders to gather up and collect together personal property, and turn over to the proper officials, upon their receipts, such of the said property as may be required for the use of the United States army, to collect together all personal property and bring the same to New Orleans, and cause it to be sold at public auction to the highest bidder, an order which, if executed, condemns to punishment by starvation all ages, sexes and condition, and of which the execution, although forbidden to military officers by the orders of President Lincoln, is in accordance with the confiscation law of our enemies, which he has [illegible] through the agency of civil officials." And finally the African slaves have not only been incited to insurrection by every license and encouragement, but numbers of them have actually armed for a servile war—a war in its nature far exceeding the horrors and most merciless atrocities of savages, and whereas, the officials under command of said Butler have been in many instances active and zealous agents in the commission of these crimes.

EXECUTION OF BATES —The Puget Sound *Herald* gives the subjoined account of the lynching of Bates, at Steilacoom, for the murder of Andrew F Byrd, on the 21st of January The execution took place on the 23d of January

From the moment at which the late Mr. Byrd received his fatal wound to that which terminated his life, a feeling of very anxious solicitude pervaded all minds When death put an end to the painful suspense, a single impulse inspired our citizens, with scarcely an exception—to hang the murderer with as little delay as possible As he had given his victim no warning of his hellish purpose, so a speedy retribution was deemed most in accordance with justice Accordingly, at an early hour on Friday morning, preparations were made for the closing scene in the tragedy. With a coolness and deliberation creditable to all concerned, the people set about the necessary arrangements, which were concluded at noon, shortly after which, to the number of about a hundred, and embracing the most worthy and responsible men of the county, they went in a body to the jail. Arriving here, they first demanded admission, which the Sheriff refused Then, with a sledge-hammer, axe and crow bar, they proceeded to effect an entrance through the lower door — In this, after some delay and much labor, they finally succeeded after [illegible] off the jams, the door was wrested from the hinges and fell outwards upon the ground Mr Judson, the sheriff, here came in full view (having been supporting the door on the inside) and warning the people against further proceedings.— On the attempt being made to enter, he resisted, but he was soon overpowered, and forcibly borne away by bystanders A single blow of the axe sufficed to break the lock which fastened the door of the cell, and the next moment Bates the murderer was in the hands of his executioners—the neighbors, the friends, and the avengers of the pure and good man he had slain On being asked if he had anything to say or any dying request to make he expressed a desire to see several persons not present These were sent for, and, at the end of a quarter of an hour, Mr J R Meeker one of the persons he wished to see, appeared The others could not be found. To Mr Meeker he expressed his last request being instructions regarding the disposition of his property and the interment of his body An appropriate prayer was then made by Rev Mr Sloan and, after being blindfolded, his body was suspended by the neck and his soul launched into eternity,— Several distinct contractions of the muscles, seen in the steady rising and falling of the body, were the only visible symptoms of either life or pain until his pulse ceased to beat

THURSDAY MORNING FEB 5 1863

Ordering the French out of Mexico

During the last month Senator McDougal of California introduced resolutions in the Senate, re affirming the Monroe doctrine in effect, and applying it to the case of the French in Mexico It is difficult to imagine the purpose of this action, unless it may be to throw out a feeler to ascertain whether the Confederates are willing to co-operate with their loyal countrymen, to prevent a powerful and arrogant foe from securing a foothold in a country which we have cause to look upon as our own, under the operation of the doctrine of manifest destiny. The consequences to the South of the French occupation of Mexico is to lose one half of the grand object of all their toils It puts a stumbling block in the path of American progress, and breaks the prestige of American continental power With the French on one side and the English on the other, we should be harrassed with continual attempts to breed dissensions amongst ourselves after the close of the present war No security can be had against this state of affairs but by the expulsion of the French from the places where they are now endeavoring to effect a lodgment, and the reduction of the British influence on this continent to the standard which has marked it for the last thirty years

It is altogether certain that the combined power of the Americans is enough to drive out all who would threaten interference, so that their influence on the continent will be forever ended From the drift of affairs it is altogether possible that the United States as a whole may yet serve a writ of ejectment on the French and establish their government in British America

JACKSONVILLE ENTERPRISE.—The citizens of Jackson county are agitating the subject of building a wagon road from that section of the State to the mines on John Day and Powder rivers The distance is estimated at three hundred miles, and the difficulties to be overcome are inconsiderable The road will run by Klamath Lake, keeping east after passing it. It will afford a good chance for a market for the products of the southern part of the State, which is languishing for the lack of an outlet. It is calculated that this new route will take all the travel from Northern California, and make Jacksonville the fitting out place for adventurers bound for the gold fields to the East.

SHARP PRACTICE.—Senator Nesmith, in a recent speech in the Senate, said that a former citizen of Oregon, who is now in the Confederate army, came to Washington and collected certain moneys due him from the Government. Afterwards, he was in several battles on the Confederate side, and now turns up in the loyal States, boasting his intent to collect the balance of his claim J K Lamerick, a delegate to the Charleston Convention, is the man

LINN COUNTY TAXES.—Linn county has tendered $4,000 of her dues to the State in greenbacks, and near $400 in coin So says the *Statesman*. That paper recommends the adoption of some uniform rule in relation to the currency in which the State's portion of the taxes shall be paid As it stands, one county pays gold and another offers green backs

DON'T BELIEVE IT.—It is now said that Mr Secretary Chase is to marry Mrs S A Douglas. He has been reported as being about to marry the widow of Gen F W Lander and from the fact that he cannot conveniently marry both, and has not yet married either, it is likely that he does not intend to mary either It looks much like a joke about Chase's marriage

CAUGHT IN THE ACT.—A Post Master at Prairie La Crosse, Wisconsin wrote to Gov Randall of that State, offering him $400 if he would procure him a certain office The Governor wrote back to him that he was not "on it," and compelled him to publish the correspondence in the case, to escape worse consequences

TRIBUTE TO NEPTUNE.—While on her last voyage from the Sound to San Francisco, the ship *Architect* was compelled to throw overboard a portion of her deck load Her bulwarks were stove, sails split and water-casks washed overboard The number of marine disasters have been alarmingly great of late

LANDSMAN AFLOAT.—An attempt is being made to have a landsman appointed to supersede Lieut Selden of the *Shubrick* Selden is a sailor and nothing else and came aboard through the hawse hole If his successor comes in at the cabin window he ought to go overboard with a sinker to his heels

LATEST FROM THE EAST.

News of January 27th

HEADQUARTERS ARMY OF THE POTOMAC Jan 27th —Gen Hooker has issued an address to the army in which he says he enters upon the discharge of his duties with a just appreciation of the responsibilities Since the formation of this army he has been identified with its history he has shared with the soldiers its glories and reverses—with no other desire than that the relation might remain unchanged until its destiny should be accomplished He adds In the record of your achievements is much to be proud of and with the blessing of God we will contribute something to the renown of our arms and the success of our armies In securing these ends, the cheerful and zealous co-operation of every officer and soldier will be required In intelligence and valor the enemy is our inferior Let us never hesitate to give him battle wherever we can find him

News of January 28th

NEW YORK Jan 28th —Special dispatches state that a list of more than eighty army officers has been prepared who are to be dismissed from the service for violating the army regulations by the use of improper language in referring to their superiors

A letter in the *Herald* states that the acting master of the gunboat at *Hatteras* who was ordered to board the strange steamer off Galveston says he had not shoved off a ship's length before the *Alabama* poured in her first broadside which was immediately replied to by the *Hatteras* This occurred at dark As the first broadside was exchanged both vessels steamed ahead, side by side, exchanging broadsides as fast as the guns could be loaded and fired, and within a short distance of each other He says the cannonade lasted thirty minutes, when he heard a sound of musketry By hard pulling he came again in sight of the vessels and found them stopped with the *Alabama* alongside of the *Hatteras* blowing off steam He said he heard cheering from the *Alabama* proving that the *Hatteras* had been carried by boarding Deeming it best not to be taken prisoner, he returned in the direction of the squadron and was picked up

WASHINGTON, Jan 28th —A scene occurred in the Senate yesterday during a lively discussion Saulsbury of New Jersey spoke disrespectfully of the President and was taken into custody by the Sergeant at Arms He displayed a revolver and threatened to shoot the Sergeant at Arms

Charges have been made that Simon Cameron attempted to bribe a member of the Pennsylvania Legislature by offering him $20 000 for his vote in the late Senatorial contest — This matter is to be investigated by the Senate

WASHINGTON Jan 28th —In the Senate Clark of New Hampshire offered a resolution expelling Saulsbury for disorderly and turbulent conduct Saulsbury said he neither acknowledged nor disavowed what is charged Let proof be made to the Senate, and let the Senate act according to its own judgment

CAIRO Jan 28th —Steamer from Memphis has arrived Troops are being daily transported to Milliken's Bend just above Vicksburg

SAN FRANCISCO, Jan 28th —Advices from Manzanillo state that the wreckers have discovered the locality of the *Golden Gate's* treasure but cannot get it on account of the tremendous surf It cannot be recovered unless a bulkhead is built to keep off the breakers

Private telegrams announce the rate of insurance on treasure from San Francisco to London, has advanced one per cent. Only sixty cents is offered for Legal Tender Notes The steamer *Senator* from the South

SACRAMENTO, Jan 28th —The Senate passed a bill prescribing the duties and fixing the salaries of the officers in Butte county In the Assembly, notices of numerous bills were given, and a number were introduced Swift introduced an Act dividing the State into Judicial Districts

Portland Feb 4 1863 A HOLBROOK

McCLELLAN AND ANTIETAM —The Baltimore *American* earnestly demands the reinstatement of McClellan This would be useless with a Secretary of War, General in Chief, and a majority in Congress opposed to him The *American* gives the following as one reason why McClellan did not follow Lee at once from Antietam

One fact bearing on the possibility of resuming at once the fight at Antietam may be considered in the case of French's command which in the battle was so short of ammunition as to be compelled to hold its advance by procuring it from the dead and wounded lying on the field—aided by the bayonet When we remember the fact stated of this same division (French's) that at the battle of Fredericksburg it was *again out of ammunition* and of course for the time rendered worse than useless, there may be facts lying beyond all this fully sufficient to vindicate General McClellan for delays for which he has been so extensively blamed

THE BUELL COURT MARTIAL —A late dispatch to the *Union* says

In the Buell Court of Inquiry lately Gen Steadman was on the stand The witness when asked by Gen Buell if any thing a commission had accused him of disloyalty declined to answer but being ordered by the Court to reply, stated that Gen Schoepff had said he believed Buell was a traitor Schoepff is one of the Court and much excitement ensued

Miscellaneous Paragraphs

The expenses of the public schools in San Francisco for the last quarter are $2 911

In the military prison at Washington there are rebels who have been paroled five and six times without being exchanged once

Claiborne F Jackson died at Little Rock Arkansas on the 8th of January He was a Virginian by birth and was insane on the subject of State Right

Gen Butler thinks that white labor is more economical than black in the Louisiana sugar coast Maybe he would think differently, if he had to handle the hoe himself

Barnum says that mankind is easily humbugged which is not exactly true but they doubtless like to be humbugged even while they know it is being done just because it gives them an excuse to curse at somebody

Longfellow belongs to the order of working poets He is always inciting his readers to hard work but does nothing himself except to write poetry His "learn to labor and to wait" is often quoted but not generally practiced because the author did not add example to precept

SCHOOL MATTERS.—A case of considerable importance came up in the Justice's Court, before L Anderson, yesterday. Geo. B. Gray, Esq., as Clerk of School District No. 5, in this county, by distress and sale collected the amount of tax assessed against C. O. Hosford, for building a school-house. Hosford brought suit for an animal thus sold. The case passed off upon demurrer, the defendant refusing to plead that he was at the time duly and legally qualified as clerk of said district. We understand that the case will be taken up on *certiorari*.

FINED.—George Watson was fined $5 and costs yesterday, for being drunk and disorderly. He was unable to pay the money, and went to jail.

COMMON COUNCIL.—No quorum attended the meeting of the Common Council last night.

THE NAVAL BATTLE.—The reference in our telegraphic news to the naval battle is explanatory of news received some days since, stating that the blockading fleet at Galveston returned from the chase of a steamer, and found the *Hatteras* sunk. She had been left behind to guard the entrance to the port, and the fleet chased the *Alabama* around until she fell foul of the *Hatteras* and sunk her, carried off her crew and decamped.

NO FUNDS.—The Washington *Standard* says that the U. S. Marshal for Washington Territory, Mr. Huntington, received his remittances in the shape of a Treasury warrant on New York, which was not negotiable except at ruinous rates. He has returned this warrant and asked to have his moneys placed in the San Francisco Sub-Treasury.

KEEP THEM AT HOME.—The *Standard* wants us to quit criticising the conduct of U. S. officials in Washington Tearitory. If our youthful and gifted friend will keep his men at home, and guarantee that they will not come over here to buy up greenbacks any more, we will consider the matter.

PERSONAL.—We observe in a recent number of the Washington *Star* a very favorable personal notice of Donald McIntosh, of the Quartermaster General's Department, who has many acquaintances in this country. Mr. McIntosh was, we believe, educated at Vancouver.

DESERTIONS.—Desertions have been frequent of late from the forces stationed on the Sound. Soldiers usually escape in boats.—One boat load is supposed to have been drowned during a gale, all hands being in a state of intoxication.

NO PAY.—The Paymaster has not disbursed any moneys to the troops at Fort Steilacoom for six months. Great anxiety is manifested to see the financial representative of the United States.

PERSONAL.—The Ellsworth (Maine) *American* says that Gen. Blunt, who is giving the rebels in Arkansas a hard time, and who [illegible] to be a "wide-awake" of the first [illegible], was born in Trenton, Maine, and twenty-five years ago was working for his board and attending school at Ellsworth.

Members and sojourning companions are requested to attend punctually.

Coughs.—The sudden changes of our climate are sources of PULMONARY, BRONCHIAL and ASTHMATIC AFFECTIONS. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "*Brown's Bronchial Troches*," or Lozenges, let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually warded off. PUBLIC SPEAKERS and SINGERS will find them effectual for clearing and strengthening the voice. See advertisement. dec16d&w3m

Storage.—THE FIRE-PROOF STONE WAREHOUSE, opposite Umatilla House, is the only building, "not made of wood," at the Dalles, where goods are taken on STORAGE. All other houses that take goods on storage are wooden buildings and in exposed parts of the town, liable to the risk of fire. The subscriber assures his patrons that his charges are but $1 50 per ton per month storage and although storage in wooden buildings is $1 00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place

White's Fever and AgueDrops—For the cure of AGUE, PANAMA FEVER, NEURALGIA and GENERAL DEBILITY.

This medicine has been used in private practice for many years with great success. Indeed, in no instance has it failed to effect a speedy cure, in Ague especially, one bottle having been found sufficient in most cases and in none are more than two bottles required.

A great number of testimonials could be given to verify these statements, but the proprietor prefers relying upon the merits of the medicine alone. A cure is guaranteed in nine cases out of ten.

The GREAT SUCCESS of this CENTURY as an AID to PRACTICAL MEDICINE

The Mysterious Effect of Magnetism Naturally [illegible] Electricity Wonderful [illegible] for the Cure of all Nervous and Spinal Diseases

THAT THIS PRINCIPLE, SUCCESSFULLY APPLIED [illegible] the great [illegible] to aid the [illegible] and functional derangements of the human body. It is a part of that great principle of vitality known as nervous influence, and necessarily must have much to do in obviating diseased action.

Too Much Cannot be Said

In its praise, for it is highly probable that in health there is an exact equilibrium of the Electric principle, and should this secret and subtle equipoise of health be broken, [illegible] should the body be negatively electrified when it should be positively charged—[illegible] the current broken, and is there not a war of forces going on in the system. [illegible] and in order that the tissues of the body should be perceptible to remedial agents, we must first restore and

Awaken the Magnetic Life within us

The spinal and sympathetic nerve systems. Believing as I [illegible] in this great magnetic or electrical [illegible] of the earth with its influence upon our bodies in health and disease, I am led to take advantage of the Press, through which to awaken attention to the subject, that good may result to all

No Compromise with Disease.

[illegible] strength and nature will relieve herself [illegible] liver, heart, kidneys and all the natural functions active by ELECTRICAL excitation, [illegible] the nervous, the [illegible] the melancholic, the dyspeptic and the invalid [illegible] under its benign influence

To the Ladies of California.

Dr. Van Zandt's success with complaints of women, both in family and office practice, is owing to his correct views of the origin of all their maladies. Ladies can consult him with entire confidence, as he is no speculator upon human life—but is proving himself the only member of the legitimate profession in California who is really successful in removing those ills which are the peculiar province of the sex. His high appreciation of their delicately attuned nervous organism, together with their great sympathetic life, renders him doubly able to assuage those silent complainings which they [illegible] and so long. No social disquiet [illegible] our home circles, for he can awaken the stricken energies, restore the wonted tonicity of the body, awaken the melancholic and despondings, arrest those drains which cause so much anxiety, cure those protean maladies which have so long

Baffled the Skill of Physicians.

Develope appetite life and animation, dispel nervous headache, sinking at the stomach, wandering pains, wasting away of strength, extreme debility and lifelessness, hectic cough, sleeplessness, unpleasant dreams and that general depression of life's powers, which go to render her life a misery and death a boon. Dr Van Zandt, with his new method of exciting the Electro-Galvanic current, together with his remedial measures which are adapted to the necessities of California, will assure you of a complete and radical recovery of all bodily and mental infirmities, and will restore you to usefulness, and spare you a blessing to your family and society

All the world over

wherever disease exists, whether special to the soil and climate or common to all regions—epidemic or casual, acute or chronic, contagious or non-contagious—it is as necessary to restore the ELECTRO-GALVANIC equilibrium, especially in California, as it is to give food to the starving. This statement is based upon a series of facts extending through many years and verified by hundreds of patients, so that no principle of science, no rule of experience, no result of any well known cause rests upon more sure and unassailable foundations than those which underlie the world wide reputation of Electricity for the cure of all nervous states of the body, faulty digestion, mental and physical debility or prostration, coughs, asthma, wandering pains of a rheumatic, gouty or mercurial character, and all forms of disease, the result of scrofula or [illegible] habit of body

None Need Despair of Relief.

If you have ulcers which will not heal—pains that cannot be removed—melancholy which you cannot shake off—loss of power which you cannot regain—depression of spirits which weigh you down—wakefulness that knows no sleeping—a business that languishes for want of energy—a void which no society can fill—suspicion which no assurance can allay—Go to Dr. Van Zandt, for his great success and the safety with which he administers his new method of electrical excitation, together with his remedies, which are adapted to the requirements of climate and constitution, will assure you of a complete and radical removal of all bodily and mental infirmities, within the scope of science and man to remove

The Eye and Ear Diseases.

It must not be forgotten by the eye and ear sufferers that Dr Van Zandt has made these afflictions an especial study, and that he is the only Surgeon in our State who has a diploma for that branch of practice. Very many of the eye and ear troubles are purely deranged nervous action, and are cured by his electro-galvanic battery—as amaurosis, squinting, cataract, floating specks before the vision, twitching of the eyelids, nervous deafness, roaring and buzzing noises in the ears, giddiness, etc. All operations successfully done on these delicate organs of sense

PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night, it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day

If you have the Diarrhoea, or a relaxed state of the bowels, take a dose of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe gum at the same time; it will stop the pain instantly

If you have a pain in the Breast, Side, Back or Kidneys, bathe the parts affected morning and night; at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut, or galls upon your horse, apply the Pain Panacea, it will take out all the inflammation and heal the sore in a short tim,

Beautifying Homes.

In making home attractive, nothing contributes more than a bed of well kept flowers Let there be a small bed of flowers in a large garden, stocked with straight rows of stiff looking apple trees and beds with very useful vegetables, and nine times out of ten, every lady visitor will notice the flowers first, and children certainly, are by nothing more attracted In every garden a small bed should be set apart for a few hardy flowers Every one can afford that If you are not able to buy, beg them, it is honorable to beg flowers, and a lover of flowers likes to give if assured that they will be taken care of and not made to shift for themselves, after being once planted out Let the bed be in front of the house, or by the side of the door, or under the sitting room window, or just there where you can look upon it most The fragrance of the early hyacinth, the many colored tulips, carnation and rose, the modest pansy and primrose, who can look upon these and inhale their fragrance and not feel that God has purposely created flowers to make home attractive?

To attract and beautify our homes, does not require a large garden of flowers, nay, a small bed, compactly planted and trimly kept, is better, by far, than half a dozen beds with here and there a forsaken and lonely flower stock

I have noticed several gardens in Portland where entirely too much has been attempted It looks well to have rounded beds and serpentine walks, but unless you have the means and the will to plant the beds and keep them *full*, and in good order, it is far better to start small and add to it as your increasing taste demands In this very thing I have seen the most failures "Flowers won't pay—they cost too much," is heard too often in such cases I wish I could impress this subject upon the minds of those readers of the *Farmer*, who contemplate adding a new beauty to their homes.

SALTY YARN—A Norfolk correspondent of the New York *Times* tells the following tough story:

The wrecking company who have taken the contract for that purpose are actively engaged in preparing to raise the sunken vessels at and near the Navy Yard at Norfolk The old frigate United States has already been raised, and is at anchor at the Yard This old vessel appears to be indestructible—like the Union for which she was named The rebels endeavored to burn her, but she would not burn; they tried to sink her, but she would not go down—and they finally loaded her with stone, and took her down the river, intending to place her as an obstruction in the channel There she remained until the wrecking company brought her up to the Yard The other night, in the midst of a storm of rain and wind, the old craft parted moorings, and went off on a cruise on her own account She went waltzing down toward Fortress Monroe, butting into everything she passed, and causing great commotion among the gunboats, some of which took her to be a rebel ram, and, slipping their cables, ran down to the Fortress for protection When the tide turned, the old frigate, without a man on board of her, turned round with it, came up the river again, knocking into everything she passed, and in the morning was found not fifty yards from her moorings.
